

Curriculum

FULL YEAR PLANNER (2019-2020) Classes (I to X)

Primary

Classes I and II follow a well balanced academic curriculum with English, Malayalam and Maths as the core subjects and IT, General Knowledge, Music, Dance, Art & Craft and Physical Education as essential support subjects.

Computer Aided Learning through Smart Class and various other activities form an integral part of the teaching learning process.

A period per week is allocated in the Time Table for Value Education. To encourage reading habits Library period is provided and Class Library is also maintained.

In classes III, IV and V, in addition to I & II std subjects Hindi, Science, Social science subjects are included.. Computer Science, General Knowledge, Music, Dance, Art & Craft and Physical Education form an integral part of the curriculum. A period per week is allocated for Value Education as well as for Environmental Education.

Evaluation and Assessment

We follow the grading system for evaluation and assessment for all subjects for class I to X. In class V examination system is introduced to expose children to competitiveness where they learn how to face exams and time management.

The evaluation system is continuous and comprehensive. The academic year is divided into two semesters. There are two cycle tests in each subject one in each semester, surprise tests at regular intervals and First Semester Examination and Second Semester Examination.

Middle & Secondary

The School follows the CBSE pattern and internal assessments according to CBSE. English, Malayalam, Hindi,, Mathematics, Science, Social Science are the core subjects and IT, General Knowledge, Dance, Music, Art & Craft and Physical Education form an integral part of the curriculum

Computer Aided Learning through Smart Class and various other activities form an integral

part of the teaching learning process.

A period per week is allocated in the Time Table for Value Education. To encourage reading habits Library period is provided and Class Library is also maintained

Evaluation and Assessment

The evaluation system is continuous and comprehensive. The academic year is divided into two semesters. There are two Periodic tests in each subject one in each semester, surprise tests at regular intervals and First Semester Examination and Second Semester Examination

Weightage is allotted for the periodic test, surprise tests and internal assessment.

Skilled and gifted children are identified and groomed with extra care so that many reach levels of excellence. At the same time we take care to follow up with children who need extra care. We provide remedial classes, learning centres for such children. There is a school counsellor to guide our children.
